Education Foundation

Are you ready to take
your welding skills to
the next level?

How about an Upgrade
Welding course that is
tailored to your current
skill set?

Upgrade Welding Training

The Upgrade Welding Training course is catered to those individuals with previous welding experience in SMAW and GTAW that are wanting to enhance their current welding skills. Each individual will undergo an evaluation with a qualified welding instructor which will result in a specific training prescription including extensive hands-on exercises. All Upgrade Welding Training courses will be offered on a weekly schedule.

Monday – Thursday, 8:00 am – 5:00 pm.

****This Upgrade Training Course does NOT include Stainless****

Pricing:

ABC Members & Training Contributors = \$620 per week

Non-Members = \$870 per week

Depending on the training prescription it may be recommended that the individual do more than one week of Upgrade Training
